

# Safety Manager Tool **ELVIRA®**

*Safety | Environment | Playback | Accuracy*

*Developed by DTI:*

DSNA

## OUR STRENGTHS

- **Safety**
  - Detection and analysis of safety occurrences
  - Safety assessment of new trajectories
- **Environment**
  - Visualisation and analysis of trajectories
  - A-SMGCS assessment
- **Operation Optimization**
  - Calculation of runway occupancy time
  - Airspace capacity assessment
- **Performance Assessment**

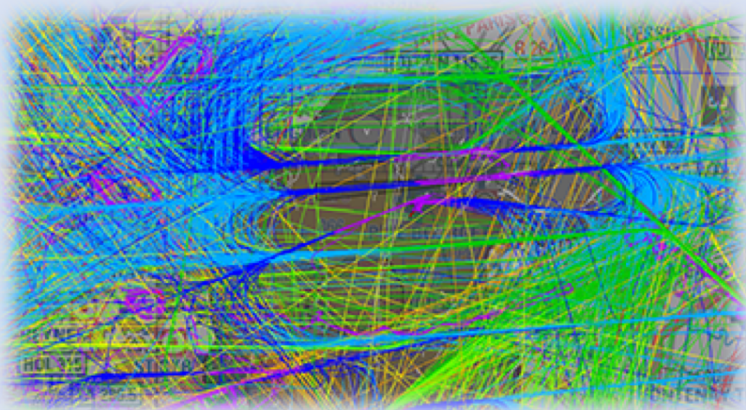

« **ELVIRA® is the centerpiece of our safety management system at CDG airport**

Patricia ITHIER, Safety Division – Paris CDG

« **For BELGOCONTROL, Environment is a top priority and we needed a dedicated operational tool. After the training on site, my team is enthusiastic to use ELVIRA's many functionalities!**

Marylin Bastin, Head of Environment, Procedure Design, Strategy and Performance –

Belgocontrol »
